GRADUATION

DAY 2023 Batch Graduands

Venue: Nandha Auditorium

DECEMBER
21
2024

10:30 AM

Chief Guest

Dr. M. S. Shashi Kumar

Scientist 'E' - Department of Scientific & Industrial Research,
Ministry of Science & Technology, Government of India

Dr. M. S. Shashi Kumar is a distinguished scientist with over 22 years of post-doctoral experience in life sciences, research administration, and policy implementation. He holds Ph.D. in Botany with a specialization in Palaeobotany and Palynology from Bangalore University. Throughout his career, he has made significant contributions to advancing scientific research, innovation, and technology development in India. Before joining DSIR, he served as a Guest Faculty at Bangalore University, where he contributed to academic growth, and worked as a Desk Editor, gaining invaluable editorial experience with renowned scientific journals.

Currently serving in a key role at DSIR, he has been instrumental in implementing several flagship programs. These include the In-House R&D Recognition scheme, fiscal incentives under Section 35(2AB) of the Income Tax Act, and the Patent Acquisition and Collaborative Research & Technology Development (PACE) initiative. He has also promoted R&D in biotechnology startups through the Small Business Innovation Research Initiative (SBIRI). Additionally, he has contributed to empowering rural women through the Technology Development & Utilization Programme for Women (TDUPW), which has created significant opportunities for their skill development and economic empowerment.

He is widely recognized for his ability to bridge the gap between academia, industry, and government. His leadership has been pivotal in driving innovation-driven programs that address societal challenges and support industrial development. With a vision of promoting translational research, he remains committed to strengthening India's research and innovation ecosystem, ensuring that scientific advancements align with societal needs and contribute to national growth and sustainable development.

The Management, Principal, Faculty, Staff and Students of
